

GET SOME ANSWERS TO COMMON CORE

The phrase "Common Core" sometimes generates more questions than answers.

Questions and concerns about the educational initiative may be answered at a free informational session at 6 p.m. on Aug. 27 at the Fullerton Library, 353 W. Commonwealth Ave.

The list of speakers includes representatives from the Orange County Department of Education and the Fullerton School District.

The program is being organized by The Parents Voice USA and the Fullerton Lions.
